

# < Ethics > in business:

## < Ethics in the spotlight >

Does the public really care?

The top 10 ethical issues that the public wishes business would address.

## < Ethics at work versus ethics at home >

A personality test that reveals our moral values and the way we prefer to make decisions shows a marked difference in our ethical behaviour in our professional and personal lives.

## < Top three >

The top ethical issues of concern for UK businesses are:

1. Bribery and corruption
2. Discrimination, harassment and bullying
3. Whistleblowing

## < By the numbers >

Only **6** out of **10** UK companies provide training in business ethics for all their staff. This has decreased from seven in ten in 2007.

Approximately **80%** of FTSE 100 companies have an explicit ethics policy or code of ethics.

**83%** of FTSE 350 companies are screening suppliers and other business partners for ethical standards.
